In his groundbreaking book, *Healing Your Mind and Soul*, Flint approaches healing from the point of view of quantum reality. He creates a model of quantum reality, which explains ancestral influences, distant treatment, and the cause of our experience of reality. The model shows that we are all connected and created in a logical and orderly relationship with one another to give us more happiness and less pain, which suggests a loving creation process. At the spiritual level, Flint uses the model to define the soul and to discuss prayer and afterlife. He defines Wisdom as a rich resource in the hidden reality. It can be used to cause deep healing of many issues. Examples of the communication between the therapist and patient teaches the reader a way to treat intruding souls, ancestral fields, and to use Wisdom to treat common issues. Other experimental interventions are given. *Healing Your Mind and Soul* is an invaluable self-help guide that breaks important new therapeutic ground for both the health professional and the layperson. Dr. Garry A. Flint is a psychologist with over 40 years of clinical experience. He has treated issues in the quantum fields for the last 15 years. He is the author of three previous books, *Emotional Freedom, A Theory and Treatment of Your Personality*, and *A Healing Legend*, co-authored with Jo C. Willems. a a brave and provocative book'Lee Pulos, Ph.D., A.B.P.P.
